Business-

1. Scholarships- scored and ready
2. Trailer- Lots of questions regarding insurance and title.

If the district has title only district employees can drive? Ferris has their own title of their trailer. Insurance agent- needs info- tricky to insure trailer when not insuring the truck pulling. What is insured inside the trailer? Can we insure the trailer if we own it? In an accident, truck driving is liable. Let's connect with Ferris music booster to see what they are doing. This is a snowball of liability. Commercial policy not personal liability? Expensive cost. Could be 1500 a year expense.
